

ABOUT THE SPEAKER:

Kim Barthel is an author, consultant, occupational therapist, and owner of Labyrinth Journeys, a company dedicated to providing professional and personal growth workshops. Kim is a Neuro-Developmental Treatment-OT Instructor and a teacher of Sensory Integration Therapy, with post-graduate study in neuro-sciences and a range of complementary healing practices. Having authored the pediatric textbook; *“Evidence and Art: Merging Forces in Pediatric Therapy”*, Kim proficiently blends and bridges the most up to date science of connection and attachment theory with the intuitive aspect of the therapeutic process. Kim’s recent professional challenges include team strategy facilitation for acute pediatric/adolescent mental health cases, and creating sustainable care strategies in a wide variety of cultures throughout the world. Kim currently lives in Victoria, BC with her husband and fourteen year old daughter.

COURSE DESCRIPTION:

This dynamic two-day workshop will emphasize clinical reasoning and problem solving skills helpful in the treatment of functional movement and sensory processing problems in children with developmental disabilities. A holistic, blended approach will weave together concepts of sensory processing intervention together with Neuro-Developmental Treatment (NDT) widening the lens of assessment and treatment possibilities. Lecture, lab and videotape analysis will deepen this learning opportunity.

COURSE OBJECTIVES:

Upon completion of this course the participant will be able to:

1. Identify sensory processing difficulties and their relationship to movement and behavior in children with a variety of disorders.
2. Analyze postural and movement patterns and their relationship to sensory processing.
3. Weave together a blending of SI and NDT concepts within treatment.
4. Use blending approaches in the context of the child's and family's occupation.
5. Use the evidence to support clinical practice.

Putting the Pieces Together: Integrating Neuro-Developmental Treatment and Sensory Processing Intervention

**Presented by
Kim Barthel BMR,
OTR**

February 10 and 11, 2012

AGENDA

Who should attend?

Pediatric occupational therapists and physical therapists.

What are the hours?

8:00 am to 5:00 pm
Lunch 12:00 pm – 1:00 pm
Registration on first day 7:30am – 8:00am

Workshop Location:

Holland Bloorview Kids Rehab

150 Kilgour Road

Toronto, Ontario

M4G 1R8

416-425-6220

DAY ONE (Friday, February 10th, 2012):

- 7:30-8 Registration
- 8-9 Sensory processing contributions to posture and movement
- 9-10 Current concepts in neuro-developmental treatment
- 10:45 Break
- 11-12 Putting the pieces together: The clinical reasoning process and assessment framework when blending approaches with children with developmental disabilities. Video tape analysis.
- 12-1 Lunch
- 1-2 Movement analysis lab
- 2-2:30 Arousal as it affects movement
- 2:30 Break
- 2:45-5 Assessment and treatment videotape analysis and discussion.

DAY TWO (Saturday, February 11th, 2012):

- 8- 10 Sensory processing difficulties in children with cerebral palsy and other movement disorders. Lecture and videotape analysis.
- 10:00 Break
- 10:15-12 Movement lab integrating sensation and movement
- 12- 1 Lunch
- 1-3 Assessment of and treatment approaches with infants/toddlers (birth to three years)with developmental disabilities. Lecture and videotape analysis
- 3:00 Break
- 3:15-5 Assessment of and treatment approaches for preschool to teens

Registration Fees:

\$450.00 (includes HST, breakfast, snacks and handouts)
Make cheque payable to "The Learning Workshop"
Full refunds will be given until 30 days prior to the course. Within 30 days of the course, a \$50 administrative fee will be applied to all refunds. **No refunds will be given for cancellations made within 2 weeks of the first day of the course.**

The Learning Workshop reserves the right to cancel a course for just cause. Cancellation due to insufficient registration will not occur less than two weeks prior to the course.
